Background/Experience

1. **What is your current role? (e.g., Student, Backend Developer, DevOps Engineer, etc.)**

P1	DevOps Engineer
P2	Student
P3	Student
P4	Student

2. **How many years of programming experience do you have?**

P1	8+ years
P2	2-5 years
P3	0–2 years
P4	2-5 years

3. **How much experience do you have working with .NET and C#?**

P1	Intermediate: I can build and maintain applications using .NET and C#, and solve common problems independently.
P2	Beginner: I have basic knowledge and can write simple programs with limited guidance
P3	No experience: I have never worked with .NET or C\#.
P4	No experience: I have never worked with .NET or C\#.

4. **How much experience do you have with unit testing?**

P1	Advanced: I have extensive experience designing and maintaining comprehensive test suites.
P2	Beginner: I understand the concept of unit testing and have written a few basic test cases.
P3	Beginner: I understand the concept of unit testing and have written a few basic test cases.
P4	Beginner: I understand the concept of unit testing and have written a few basic test cases.

5. **How much experience do you have with Pulumi?**

P1	No experience: I don't know what Pulumi is or have never used it.
P2	No experience: I don't know what Pulumi is or have never used it.
P3	No experience: I don't know what Pulumi is or have never used it.
P4	No experience: I don't know what Pulumi is or have never used it.

6. **How much experience do you have with IaC tools other than Pulumi? (e.g., AWS CDK, CDKTF, Terraform, etc.).**

P1	Advanced: I have extensive experience writing and managing large-scale IaC programs for production environments.
P2	Beginner: I've explored IaC tools through tutorials or small personal projects for basic infrastructure provisioning.
P3	Some experience: I've heard of it and may have used it before.
P4	Some experience: I've heard of it and may have used it before.
